BATTERY INSTALLATION (REFER TO FIGURE-1 & FIGURE-2)

1. Unscrew the battery compartment cover by grasping notch (as shown in figure-1) located at the top of the 3-in-1 Lantern and twisting in the direction marked OPEN, (counter-clockwise). Insert three AA batteries into the battery compartment (B) according to the polarity symbols located in each battery slot.
2. Replace the battery compartment cover (A) and close by twisting in the direction marked CLOSE, (clockwise).

OPERATION

THE 3-IN-1 LANTERN CAN BE USED AS EITHER A **TWO-FUNCTION LANTERN** OR A **FLASHLIGHT**.

TO USE AS A FLASHLIGHT – (REFER TO FIGURE-3) To create a side mounted flashlight handle, squeeze the metal hinge (D) to remove it from the top bracket (C) of the lantern. Pull the hinge and rubber handle over the top of the lantern and insert it into the bottom bracket (E) located near the ON/OFF switch. To operate, push the ON/OFF button once. To turn off, push the ON/OFF button again.

TO USE AS A LANTERN – (REFER TO FIGURE-4) To create a top mounted lantern handle, squeeze the metal hinge (D) to remove it from the bottom bracket of the lantern. Pull the hinge and rubber handle over the top of the lantern and insert it into the bracket located near the top of the 3-IN-1 Lantern (C). Slide open the lantern by gently pulling up on the handle. To operate, push the ON/OFF button again; the lantern will illuminate with a bright white light. To turn off, push the ON/OFF button again; the lantern will illuminate with a flame-like affect. To turn off, push the ON/OFF button again.

CAUTION

1. Failure to insert batteries in the correct polarity, as indicated in the battery compartment, may shorten the life of the batteries or cause batteries to leak.
2. Do not mix old and new batteries.
3. For best results, use alkaline batteries.
4. Do not mix Alkaline, Standard (Carbon-Zinc) or Rechargeable (Nickel Cadmium) or (Nickel Metal Hydride) batteries.
5. Do not dispose of batteries in fire.
6. Batteries should be recycled or disposed of as per manufacturer's recommendations.
7. To maximize battery life, turn the 3-in-1 Lantern's light off when not in use.
